

A Chinese delegation of researchers Visited in(CIIT)Lahore.

A delegation of researchers in medicinal chemistry from South-Central University for Nationalities (SCUN) paid visit to Department of Chemistry, CIIT Lahore Campus on 25th October, 2017. An interactive session was held with the faculty of Chemistry, Pharmacy and IRCBM, chaired by Prof. Farooqi. The faculties of both universities discussed the possibility of future collaborative research projects in the field of medicinally potent local natural products and thorough scientific and therapeutic evaluation of ethnic medicinal plants. In this regards exchange of students and faculty was also proposed. A few Pictures of the said event is attached herewith.
