- On your institutions main page for Ebrary type your search topic in the search for area.
- **Browse** – Click the Browse button to view the collection by subject. The subjects are listed per LOC (Library of Congress) classifications. If you wish to be more specific with your subject choice, click on the plus sign to the left of the subject. A heading tree will then appear and additional subject headings will be shown.

- **InfoTools** — Use the InfoTools menu to link to additional resources in the Dynamic Content Platform (DCP), your library and on the Web. InfoTools can be activated from the ebrary Reader Toolbar, or by selecting text and right clicking.
- If you turn on the Toggle Automenu, the InfoTools menu will come up every time you select text.
- **Bookshelf** — It automatically saves links to Highlights, Bookmarks and Notes as you conduct your research. In the InfoTools menu click Add to Bookshelf to store on your Personal Bookshelf for future reference.
- **Copying & Printing** - Sequential download of the ebooks is prohibited and only page by page copying is possible. You may download up to 40 pages per session.
