## COMSATS Lahore VPN Connection Guide

(For Digital Library Access)

NOC (Network Operation Centre) of CIIT Lahore campus has established a VPN facility to provide its users an access to digital library from other networks (DSL, Dialup, Cable Network, wireless and, any other network that are used to connect their computer with internet at home).

## Steps to establish VPN connection are given below.

Go to Start / Connect To/Show All connection

Click the New Connection Wizard

4	What do you want to do?
	Connect to the Internet
	Connect to the Internet so you can browse the Web and read email.
	Onnect to the network at my workplace
	Connect to a business network (using dial-up or VPN) so you can work from home, a field office, or another location.
	○ <u>S</u> et up a home or small office network
	Connect to an existing home or small office network or set up a new one.
	O Set up an advanced connection
	Connect directly to another computer using your serial, parallel, or infrared port, or set up this computer so that other computers can connect to it.
в	Bob Cerelli's Windows Page Sack Next > Cancel

- Click on the *Next* button.
- Click on Virtual Private Network connection

- Click on the Next button
- Give the Connection a Name anything like CIIT VPN name.
