

1st Inter-Colleges Mathematical Contest

The mathematics department at COMSATS University Islamabad, Lahore Campus has announced the contesting event **1st Inter-Colleges Mathematical Contest** in the campus. The contest is designed to promote mathematics and generate interest among intermediate collage's students. It provides an excellent opportunity for them to show their mathematical skills and abilities. The contest will consist of multiple types questions that will challenge the students to apply their mathematical knowledge, including algebra, geometry, and calculus, to solve them within a specific time frame. The event holds tremendous potential for students to advance their future studies and pursue careers in mathematics and related fields.

Eligibility Criteria

The competition is open to students currently enrolled in intermediate-level education with mathematics as a core subject.
