

Tree Plantation Drive

Corporate Social Responsibility team at Department of Management Sciences (DMS) has taken the initiative of green drive on Thursday October 19, 2023 to cultivate biodiversity, reduce soil erosion, enrich local ecosystem, mitigate climate change, and help reduce our carbon footprint. Everyone inclusive of Students, Faculty, Staff and administrative officials participated in plantation drive zealously. Now COMSATS, Lahore campus has its own citrus orchard which will not only serve the well-being of its students and employees but will help heal the mother earth by promoting biodiversity and enriching its ecosystem. Also this drive helped spread the message to students and community that taking care of the environment is not discretionary but obligatory act. Few pics of the drive are as follows:
