

From Big to Small: Einstein's Gravity and Salam's Particles

The department of physics at COMSATS, Lahore celebrates the 90th birthday of Prof. Salam!

Prof. Abdus Salam
29 January 1926-21 November 1996
The First Pakistani to receive
a Nobel Prize (Physics) in 1979

"scientific thought is the common heritage of all mankind" (Abdus Salam)

Program

(10:00 am) **Introduction**

(10:30-11:30) **Prof. Amer Iqbal:** *Gravitational Wave Detection: Quantum Physics Meets Classical GR*

(11:30-11:40) **A Message from Prof. Steven Weinberg**

(11:40-12:40) **Prof. Babar Qureshi:** *Building Up Our universe: Salams Model of particle physics*

(12:30-1:30) **Lunch & Discussion**

when: *Thursday, March 17, 2016 (9:30-1:00)*

Venue: Seminar Room, Block A
Department of Physics, COMSATS, Lahore

For further information contact Dr. Shabana Nisar at shabananisar@ciitlahore.edu.pk

These talks aim at a wider general audience and should be accessible to people from all disciplines. Please feel free to forward this email to anyone outside the CIIT community who might be interested in attending this symposium.
