Autumn

I found a leaf on the concrete ground
I looked around no nature found
Green replaced by gray
All covered by the roads we pave
I looked around over and over
But the concrete jungle had taken over

Friend

A person who will listen and advise
In every matter of your life
They will not turn their back
When bad times are at hand
Instead they will always be there by your side
They will think of ways to make you smile
So you can be happy for a while
When times are good and happy there after
They will be there to share the laughter
Do not forget your friends at all
For they pick you up when you fall

Maryam Rehman

Beauty

Believing the eyes and all is brilliant

Elegantly sowing endless flowers

Abundance of flowers is attractive

Unbelievable and undefined view

Transcendent flowers of tulip

Yielding the peace of mind

Ali Hamza

Life

Life is a beautiful thing

Life is hearing the birds sing

Life is the smiles of others

Life is love between brothers

Life is hearing a baby's cry

Life is also when people die

Autumn leaf

Was it a crunching sound of my crispy heart?
Or something has just broken apart?
It must be raining over a barren field
A broken, very broken autumn leaf
Wind is taking it to the newest world
And it's following the cursed curl
Not resisting, nor complaining anymore
Taming himself like the blended crayon
Ignoring all the separated parts
That the wind took along its flight
Thinking no thoughts anymore
Just a dead end of unattached rope
Dispersing pieces everywhere
Broken alone and no more miracles appear
Hopeless colorless autumn leaf
You're dead once your soul is in deep grief
You just sway with the wind now
And let it take you to the world you reap

Taha Bin Ashar

Truth

Truth pleasant skies

The wind air sighs

Letting loose the leaves

Just like fire flies

Blowing all around

Dropping to the ground

Singing songs of nature

Oh! A wonderful sound

Happy for today

Lonely for tomorrow

Just don't let the air

Drown you in its sorrow

Hamza Shahid

BCS-SP15- A-040

Night

Moon lighten up the night to

The endless sky

Colors of spring,

Spread the fragrance to butterflies.

The building in the coral sea

Floating rivers are edge free

Thin waves spreading out a velvet touch now

Reaching out up to nature's life

Ready for beauty to come inside

Mountain having gold inside

Green hill shows the nature color

Nature is untold story of beauty

Abu Bakar

BCS-SP15-A-19

Trees

Take a moment to notice

The beauty of the trees

Sit and take a look

At the dancing leaves.

Note the little child

Playfully laughing with a toy

Always so full of energy

Humongous amounts of joy

Adnan Tariq
BCS-SP15-A-100

Flowers

Full of happiness

Lot of joys with flowers

Overfill the beauty of world

Wetness on flowers look like tiny diamonds

Emote inspiration of nature in humans

Recruit us flowers from their fragrance

So let the flower sees around the world

Muhammad Awais
BCS-SP15-A-145

Beauty of Nature

Take a moment to notice
The beauty of the tree
Sit and take a look

Dancing of the leaves
Fragrance of flowers in garden
Sun shines in the sky
Moon light up at night

Stars blinking at night
Water flows from mountain to rivers
Earth is so beautiful

Take time off your busy life
To glance at the starry night
Nature is genius
So pretty such a sight

Rain

Raining from high

A Beautiful Night

There is a sweetness in this cool night
 How beautiful is moon that shines bright
 The sky is covered with the beautiful stars
 Stars look like the small lights on the sky

I hear the voice of the wind
 The voice of the wind in the night
 It seems that wind is singing songs
 All the sorrows disappear after listening to it

These are the best hours of my life
 I recall all the beautiful memories
 Of what happened in my beautiful life
 Which I remembered in a beautiful night

Muhammad Naveed Akram
BCS-SP15-A-058

Memories

Looking towards the beauty of nature
 My memories come into my mind

Sitting behind the tree
 Listening to the sounds of birds
 This is the beauty of nature

The thistles leak their foam at midday
 And this is not important, the time it takes is not important.

The voice of deep emotions sounds like music; bring me back to the beauty of nature.
 Where the flowers look extremely beautiful

Memories and nature have a deep connection
 My mind now says yes this is the beauty of nature; this is the beauty of nature.

Komal Naeem
BCS-SP15-A-121

Rain

I looked out of the window and saw drops sliding down the window
Drops of rain make me feel what nature has given us
Moments of rain attract me towards the beauty of nature

Rainy days
Rainy nights
Wash the world ultra bright
Rain makes everything alive
Rain rejuvenates the heart

Amna Yousaf
BCS-SP15-A-103

Sun

Shining on the ground
Making a lovely sight
As the beauty glows bright

As the sun reclines to rest

Nouman Nasir
BCS-SP15-A-088

Flower Street

The wonderful world and beautiful scenes

The attractive scenes, joyful and lovely

Autumn always stays away from you

Be always happy and sing a song

Velvety and soft petals, you have all

Awesome and beautiful colors, you have all

Lovely fragrance, spread all around

Give pleasure, people all around

Lovely fragrance, spread all around

Give pleasure, people all around

Mughees Ahmed

My garden

I have a garden

Where I can play

It's really a lovely place

Where lovely things mix and greenery fills the walls

This was my garden

I played here since my childhood

But now as I stare

I only hope one day another child may treasure my garden

As I do

Muhammad Dawood Shahzad
BCS-SP15-A-073

Spring Breeze

I forget the way you held my hands
The arrangement of your wrist bands
I miss your touch on my tie
Open collar, Not hard to justify

But there comes the spring breeze
Memories appeared just to tease
Without you the nature will never be the same
This everlasting hollow will let you remain

My only love and ultimate need
And I will wait, oh yes Indeed

Usman Haider

Music

Let me listen to music
Persuade the world to listen to it, too
It flows like blood through my body
Carries all the hate away
Provides pleasure wherever it goes
Music is for everyone
Provides happiness to everyone
We can't see yet we enjoy it
Music is my friend when no one is around
Music influences us all
Music unites us all
The feeling of music
Makes my soul soar high

Dreams

The night is good till you sleep
 The world is welcoming in you sleep
 When the morning comes nothing is good
 But when your eyes are closed dreams make you feel good
 The dreams of love provide you peace and happiness
 They may last only a moment but it gives you strength
 Strength for the upcoming day
 The Love in your dreams does never change
 Time never passes too fast or too slow
 Nothing is better and you start to feel happy
 Then the sun comes up and you are back to world
 The fear of life washes over you
 You want to go back into your sleep
 Where nothing goes wrong and you are always loved

Winter Snowman

White snow on the grass
Ice in my boots
No school on Monday
Tuesday still no school
Eating snow is yummy
Really warm hot chocolate

Snow is as white as a sheet of paper
Never stay inside
Outdoors is fun making snowballs
Why is snow white
Man I love snow

A snowman is fun to make
No one hates snow

Muhammad Ali Mubashir

SP15 –BCS-056

Betrayal

She gives you a genuine smile
In reality she is swallowing down her bile
Slowly but surely she creeps up on you
Gaining your trust giving you no clue
Friendship to you is something broad
Not realizing that she is nothing but a fraud
Out of nowhere in the back she stabs
Damaging your trust by her deceiving slaps
Betrayal is the prize of her friendship
Only strength will get you through this hardship
The hurt turns you into a hater
The sick pleasure makes her a traitor
But time heals the pain
Without loss there is no gain
This doesn't mean everything will be the same
Hoping to trust someone again isn't lame

Computer Game

The sun was shining too bright
Exactly before the clouds, right?
We wanted to go to see flowers
But the clouds started sending shower
After rain the evening came
And we went, riding on a tame
After this my eyes suddenly blinked
And I realized that it is beautiful computer game

Arrival of Winter

When the leaves get yellow
You know my dear fellow
It's the time for winter
So wear jacket, hat and muffler

Snow covers the tops of mountains
The farmers grow wheat on plains
People are sick and sneezing
Because this weather is so freezing

One of the coolest times of the year
Winter season is finally here

SP15-BCS-095

Rainbow

After rain the Sky becomes clean and clear
Reflecting the beauty of nature
Then appears what call 'rainbow'
Seven beautiful colors of it depict the facets of life
Red, orange, yellow and green, we see more
With a little of blue, indigo, and violet
All merged into one another as lives of us
Unity of colors and combinations makes a rainbow beautiful
Showing us the beauty and power of being united

Usama Javed
SP15-BCS-098

Rain the Blessing

Bringing water with them
And shower it over the whole plain
Making sweet and simple sound
The rain wets the whole ground

Nature

Upon a nice spring day
Clouds form shapes in the sky

Rose

Sunlight on the petals of rose
Add delight to the beauty of rose

Life

Endless pains wrath sky

Thunder falls birds die

Eyes swell tears flow

Time passes moral low

Moon comes, sheds light

I'm here in middle of fight

Killing myself saving me

Battle is on! Craving me

I'm the rider I'm the savior....

Blood flows in the sand of hate

Crows caw for the rider's taste

Looking up I run my horse

Rum is full eyes are shore

Smoke of weed covering me

World is cold shivering me

Tiktok covers the sky

Moon is blue saying me hi

Universe is calling me

Devil itself is here for me

Red he is, scaling me

His eyes are happy full of lust

His hands are hot full of dust

Dust of dead and broken dreams

He's calling me mashing thoughts
I'm fighting wars on my horse
One sword is in my hand
Rest of them making a band
Band that covers my cold heart
Pouring into old scars
It hurts so much my chest bleeds
I'm harvesting my sown seeds
I'm the farmer of crops of hate
You fear the wolves? I'm their bait
Wolves come and paw my head
Dragging me into the dead
I'm rider not ready to die
Tell the death I say hi
Tell him I'm gonna run to sky
Up so much where he can't find
Moon will be my lives allay
He'll guard me into the sky
I'll rip every hope in me
I'll make it walk the haters flee
I'll look them into eye and say
I'm here for the hell's sake

Muhammad Fahad Masood

God's gift

My friends always stay very close
They ask me things but don't impose

They help me when I need
That's why we are friends indeed

With me they are totally silly
Because of this we enjoy fully

They make my world joyful
To them I'm thankful

I am very lucky because they are my friends

I pray to God our friendship never ends

Throwback Recalls

“Lying down on my bed

Switched the lights off
Feeling like the loneliest person
Nowhere on Earth but Dreams
Flashing back in the past whole year
Those friends' laughter
Those teachers cracking jokes
Those mischiefs, the canteen
On the top of the roof of the school
Those fights, and then Patch up
Now I have only these at Present
Empty hands, no friends
Sophistication, no mischief
Diving into the sea of tears
Realizing the lacking of my life
Feeling the year gave nothing
But moments to Remember
Closing down my eyes
Slowing down my hands
Running into Tears
That is how I welcome New Year"

Chrysanthemum

Walking in the garden, cherishing nature
I came across one of God's most beautiful creation
It was a flower like none other
It stood there with the utmost elegance
And a soul refreshing grace
Standing there astonished, amazed
Fearing that the extremism of my feelings
Had got to me and made me insane
But the more I looked the more I was assured
It wasn't just me but the elegance of the flower
Made me think of you over and over
Because of the unparalleled beauty that you both had in common
I couldn't help but admire God's opus
Awestruck I was when I heard the marvel
Chrysanthemum was what it was called
Like similarity in beauty wasn't already enough
They had the same name though different in utterance
Re drawing the pictures of both the wonders
I still can't decide who out charms the other

Flower Beauty

Fantastic look of flower in the garden

Is the sign of love

Awesome sight of a flower

Refreshes your sad emotion

Flower moving in the air

Welcome the visitors with excitement

Flower is beautiful only for those

Who have inner beauty?

Just like child play with toys

Flower play with emotion

Muhammad Adnan

Loneliness

Look it is loneliness who comes at night

Often in sleep, it sits beside my bed

Never like a tired child and wait her tread

Even I watch her blowing out the light

Looks motionless sitting, beside the bed

It through the sad dark, I get fear

Near breaks on a barren shore, unsatisfied

Every strange wind flows silence goes

Seems turn to loneliness, to take her hand

Should fills with the dreadful monotone of rain

You

I never see a pretty one like you
 I never thought anything be like you
 You are glooming like stars
 You came in my life like a shining stars

Whenever I see you
 I fall more for you
 Whenever you smile
 Actually you make me smile

I am yours
 You are mine
 You make me happy in a way
 No one else can;

I couldn't believe in love
 Until I met you
 I have never missed anyone
 As much as I miss you

World of Contrasts

We live in a world of contrasts
 The higher and the lower class
 Rich the haughty poor the wretch
 One worrying about their needs, the other fulfilling their greed
 Rich living free from fear of God's anger
 Poor living in fear of death by hunger
 This is the way our life goes on
 Today, tomorrow and so on

Sahar Javaid

The cage of desire

I extract drop by drop
Life from a living sail
The smoke, the fumes arise
The rose beheaded from the root
Lying in the coffin
Lifeless as a stone
Waiting and waiting every second gone
My heart is saturated
But soul still wants more
My grief my lust over the filth
Has left me with nothing
But end of my dawn
It is dark, deep, endless prosecution
But no way out it is a dead end
I laugh when I see such a helpless state
It is useless you cannot escape
Now you wish you would not have entered
Your desires, I once your slave
Now that I imprison you, I do not care
You might try to hide or run away
But I know, I will come back to me one day

Mother's love

A mother's love, none can explain
 Enduring devotion of sacrifice and pain
 Holding hand, come what may
 For nothing can take this love away
 The tears, she shed for me
 Leave an unpayable debt for me
 A light that guide my way
 Protect her life, I pray!

On saving nature

I am drop going to the ground
 I can't go far, with smoke and tar
 Inside me ,I have a life
 for the plants and for the seeds
 what you have planted on to the ground
 tools for suicide, like knife and bar
 they are waiting for the life
 you are destroying bead by bead

Not because i can see

A natural poet I can't be

The flowers

They have no ears, but seem to hear

All my cries, my every tear

We smell them and hold them

Then pridefully show them

Put rocks on their feet

They're wild like a wolf

They're gentle like the breeze

They have a burning honour

And are not eager to please

Death

As death has to be called on every being
No stopping, no prediction
Poem about child who demise
Playing at high roof with age fellow brother
Energetic to win the game
But death has no obstruct as we know
Then his brother came to give merriment
Both of his small brother went to see their uncle
But destiny was opposite
Smallest brother dropped off from high roof to ground
No sign of falling just unconscious
Smallest brother was submitted in ICU
Instead of crying in family, Allah give them patience
After year and half family remember him and smiles
As death has its secerts
So death was to make more belief in Allah

Depression

It comes in slow

It stays to never go

To always be with you

To never let you start a new life

You crave for tears

Your love your fears

Your pleasure is in pain

Your loss is your gain

Like a stone too numb to be hurt

Like a rubble, chaos and dirt

If you fall weak to move on

If you lose faith to believe on

If you let it, that's how it would grow

Sadness would never let go

Your place in my life

My life is brilliant, my life is pure
Until you came along and gave your smile
You know how my heart was always fragile
I knew for a while you were my cure
Without you I'll always feel insecure
I tried to talk to you in different styles
I would run to you even for a mile
I wouldn't let you go and that I'm sure

I would wait for you till the end of time
Even if seasons change, I'll remain
I'll describe you in only one word
Out of everyone here, you are the holy
I never felt any need to see the sun again
Only because your eyes light up my world

Pain

Why does it have to hurt inside
Why do I have to cry each night
I think I have to walk on by
And I'm starting to lose my sight

What is it that change your mind
Who is it that keeps you blind
Why did you change so fast
Did you really have to leave me blind

I start to think about all we had
And how it turned this way
And I guess I will have to leave side
And turn my fall away

Although my soul will die
Although my heart will cry
I've got nothing else to do
I am hurt deep insight

But although I'll leave your side
You'll be always on my mind
My heart & soul ache for you
Every day & every night
You're my never ending love
The love that keeps me alive
You're the one I'll love forever
Although it hurts inside
