## **News of the month**

### **Painting and Calligraphy Exhibition**

Danish Society of Library Information Services, has organized "Painting and Calligraphy Exhibition" on November 7, 2017. Prof Dr. Qaisar Abbas, Director CIIT Lahore and renowned painter and artist, Prof. Dr Ajaz Anwar, Wajid Yaqoot and famous play writer and novelist inaugurated the event. Library In charge Dr. Muhammad Tariq, library staff, members of Danish society and students were present at the inauguration ceremony. The guests visited the paintings and calligraphic paintings and praised the art. In the end, the chief guests distributed the shields to organizers and the members of Danish Society.

## Color, Drawing & Clay Modeling Competitions

Library Information Services CIIT-Lahore organized the events of Coloring, Drawing and Clay Modeling during the student week fall 03.11.2017 to 08.11.2017. The Children participated in drawing & Color competition; they were very excited and enjoyed the competition very much. The faculty and staff members participated in Clay modeling competition & tried to make master pieces to win the first position. After close competitions, the detail of position holders are as under:

### Color Competition

1st -position Hub-e- Zahra

2nd -Yahya Bin Imran

3rd -Maryam Salman

### Drawing Competition

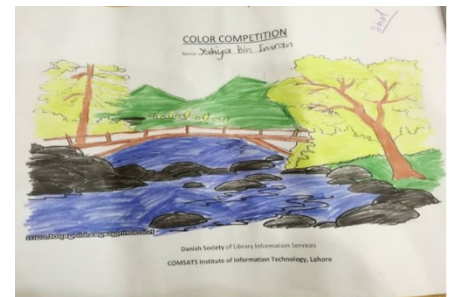

1st -Yahya Bin Imran

2nd -Fatima Usman

3rd -Mahanil Imran

### Clay Model Competition

1st –Miss Sara Yousaf (Lecturer A&D Department)

## Games/ Activities during student week, among Library Staff

Library Information Services CIIT-Lahore organized in-house games/ activities during student week fall, 2017 from 03.11.2017 to 08.11.2017. All library staff participated & enjoyed the following games/ activities.

1. Luddo Tournament
2. Musical Chair
3. Target Point

### **Birthday Celebration and Welcome Party**

CIIT Lahore Library staff celebrated birthday of MS. Nasira Munir (Assistant Librarian) and welcome parties of Miss Fatima Usman (Assistant Librarian) and Mr. Muhammad Asim (Assistant Library) on November 24, 2017. All library staff members participated and wished them good days ahead.

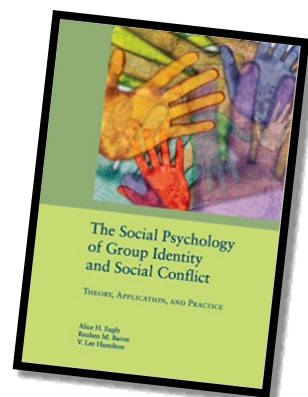

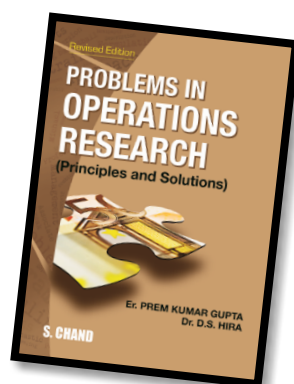

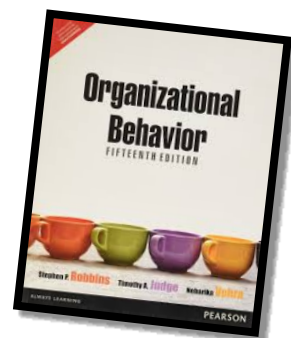

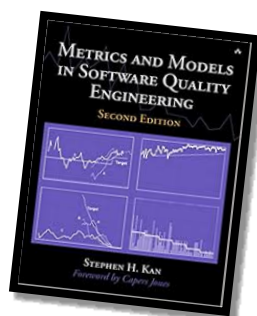

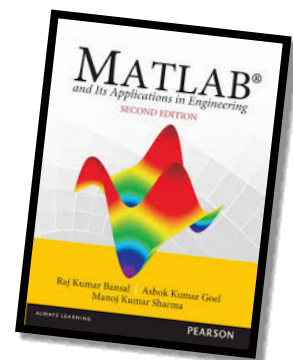

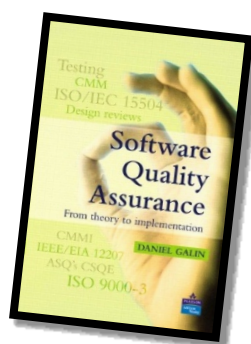

## Consortium of S&T and R&D Librarian of Pakistan

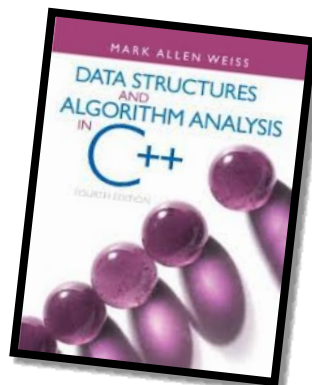

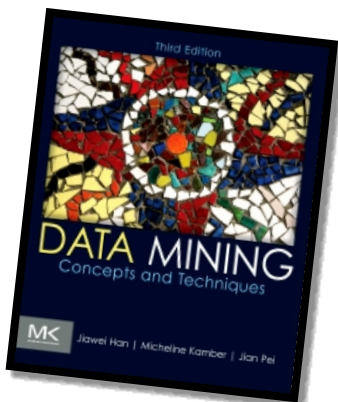

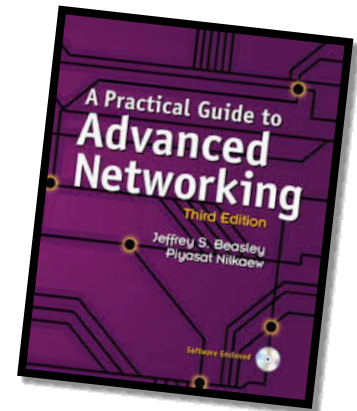

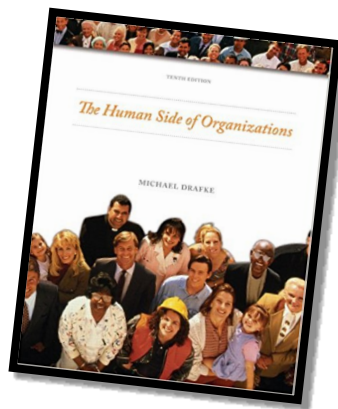

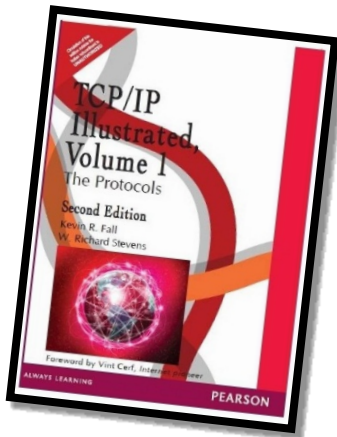

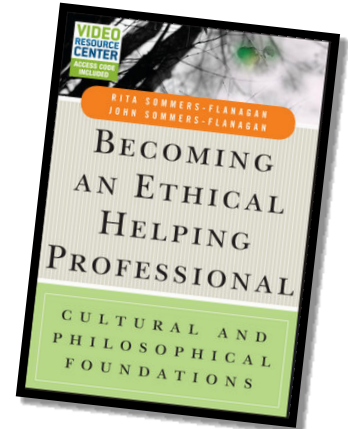

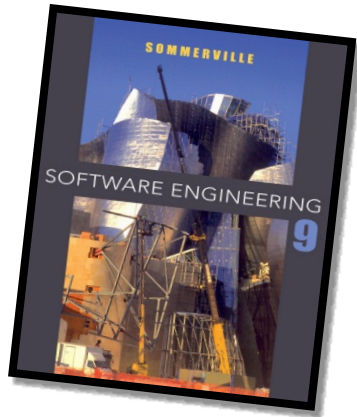

A meeting was held in PASTIC on dated 1st November 2017 in Islamabad. The main idea of meeting was the impact and usage of consortium of S&T and R&D Librarian of Pakistan. A Number of professionals and subject specialties participated from all over the country. Dr. Muhammad Tariq Library in charge represented COMSATS Lahore Campus and expressed his views, suggestions and comments in the meeting as well as he also expressed the importance and value of meeting to electronic and print media.

LIB/LE/036/17-

Dated: November 02, 2017

Title : HEC Chinese Academy of Sciences to set up Research Centre

Source : Daily Times

Dated : October 28, 2017 p.A3

### HEC, Chinese Academy of Sciences to set up research centre

**ISLAMABAD:** The Higher Education Commission (HEC) organised a consultative meeting on Friday to discuss the establishment of China-Pakistan Joint Research Centre in Earth Sciences in collaboration with Chinese Academy of Sciences (CAS) at a Pakistani university.

The meeting was presided over by HEC Chairman Dr. Mukhtar Ahmed. HEC senior management, representatives of the Ministry of Science and Technology, Quaid-e-Azam University, University of Peshawar, and various other universities as well as Dr. Yonngong, Vice Director Science and Technology Division, China and Su Iijun, professor at Institute of Mountain Hazards and Environment, Chinese Academy of Sciences were also present. During a briefing on the proposed research centre, the participants discussed the objectives, cooperation mechanism, and preliminary roadmap of setting up the centre.

Speaking on the occasion, Dr. Mukhtar Ahmed assured the Chinese delegation from CAS that the government of Pakistan and HEC would extend all-out cooperation to the Chinese partner in setting up the centre. He stressed the need for developing a task force for mutual coordination so as to finalise viability of the centre. He said a similar task force needed to be set up from Chinese side. He said that the centres of excellence in

Pakistan would also be made a part of this endeavour in order to benefit from their experience.

Informing that the proposed centre would be an autonomous entity, he said that the two sides would work on the modalities and share formal documents for practical measures. The chairman said that the research centre would be established in Islamabad, which would benefit the CPEC as a whole, the fields of Earth Sciences and Oceanography, the institutes, universities and organisations.

In his remarks, Dr. Arshad Ali, the HEC executive director, emphasised the need for identifying the domains of work between the two sides. He said that the details of development cost, infrastructural arrangements, laboratory equipment and infrastructure, and other components of the centre would be shared through formal documents to be finalised in the following meetings.

The China-Pakistan Joint Research Centre in Earth Sciences will work on research content including risk analysis and reduction of natural hazards ensuring the safety of CPEC construction. It will also ensure orderly utilisation of ecological and environmental resources and will promote regional sustainable development to benefit the people along the CPEC. The centre will conduct research on issues pertaining to Earth Sciences in the areas adjoining the Himalaya, the Hindu Kush, and Karakorum. It will provide security support for CPEC by developing mitigation principles and technologies on natural hazards, in addition to improving sustainable development of economy, society and environment. The meeting also deliberated on the role of proposed centre in dealing with key scientific issues including environment data collection, mining under complex topography, climate change, water environment, rational utilisation of water resources, tectonic movement and its effects on resources and hazards, mechanisms of earth surface natural hazards and risk control, and fragile ecosystem and recovery. The meeting discussed a mechanism for cooperation that will encompass

conducting research on earth system science and filling the blank of Earth Science research. It also involves conducting research on marine and earth surface disaster reduction theory along with research on ecological environment protection, mineral resources exploitation, economic development of mountainous areas, and promotion of regional sustainable development.

The Pakistani entities playing a vital role in setting up the centre are Federal Minister for Planning, Development and Reform; the HEC, Pakistan; National University of Science and Technology (NUST); Quaid-i-Azam University; National Institute of Oceanology; COMSTAS Information University; University of Peshawar; Pakistan Meteorological Department; Geological Survey, Pakistan; Karakorum International University; and, University of Karachi. The institutes participating from China in establishment of the Centre include Institute of Mountain Hazards and Environment; Institute of Tibetan Plateau Research; South China Sea Institute of Oceanology; Institute of Geographic sciences and Natural Resources Research; Institute of Geology and Geophysics; Institute of Atmospheric Physics; Xinjiang Institute of Ecology and Geography; Institute of Rock and Soil Mechanics; Qinghai Institute of Salt Lakes; and Northwest Institute of Eco-environment and Resources. ## Management Positions Campus Directors and Registrar

COMSATS Institute of Information Technology (CIIT), a Public Sector HEI of the Ministry of Science & Technology, is a degree awarding Institution offering Undergraduate, Graduate and PhD degree Programs. CIIT has strength of over 37,000 currently enrolled students with around 3,200 Faculty members including 1,100 Ph.Ds at its various campuses located at Islamabad, Abbottabad, Wah, Attock, Sahiwal and Vehari, including a Virtual Campus based at Islamabad.

### Campus Directors (For Abbottabad, Attock, Sahiwal and Wah Campuses)

Applications are invited for the positions of Campus Directors for Abbottabad, Attock, Sahiwal and Wah Campuses of CIIT. The candidates for the positions of Campus Directors should have a PhD degree in social sciences/ natural sciences/ administrative sciences/ engineering, from an accredited academic institution recognized by HEC and must have attained distinguished leadership qualities with minimum of 20 years of experience in academics, research and administration. The maximum age at the time of appointment of the Campus Director(s) shall be sixty five years. The appointments to the position of Campus Director shall be for a period of four years on the terms and conditions prescribed in the relevant Statutes.

The Campus Director shall be the administrative head of the respective Campus and shall be responsible for proper implementation of the decisions of the Board of Governors and for execution of the programs and strategic plan of the Institute in accordance with the guidelines and policies formulated by the Board.

### Registrar

Applications are invited for the position of Registrar at CIIT. The candidate for the position of Registrar should have a PhD degree in social sciences/ natural sciences/ engineering from an accredited academic institution, recognized by HEC, with minimum of 15 years relevant administrative experience in a University or other National or International Organization. The superannuation age for the position of Registrar will be 60 years.

The Registrar will be responsible for the supervision and management of all administrative and operational functions of the office of the Registrar. He will also be responsible for organizing the statutory bodies meetings and for implementation of all the academic and administrative policies and decisions of the Institute.

### How to Apply?

Please fill out the non-faculty job application form downloadable from the CIIT website [www.comsats.edu.pk](http://www.comsats.edu.pk) and submit along with CV and attested copies of all the degrees, certificates, testimonials and first page of all Research Publications. The three copies of application, complete in all respects, should reach at the address mentioned below by 23<sup>rd</sup> November 2017. Incomplete applications, applications with incomplete documents or applications received after last date will not be considered. In case of being applicant for the position of Campus Director at more than one Campus, the submission of separate applications, for each Campus Director position, is mandatory.

**Additional Registrar (HR), Principal Seat**  
COMSATS Institute of Information Technology,

Title : Social issues Social Scientists Research Papers

Source : Business Recorder

Dated : November 10, 2017 p.13

## Social issues **Social scientists' research papers submitted to HEC**

**M RAFIQUE GORAYA**

**LAHORE:** The country's 10 renowned social scientists have submitted their thematic research papers and detailed case studies funded by the Higher Education Commission to find the solutions of social problems confronting the nation like threat to national security of Pakistan, business education etc. These studies will be presented to the policy makers for their help and guidance.

The project titles presented to Higher Education Commission are:

1. Threat to National Security of Pakistan through Interplay of Internal and External Factors in Promoting Violent Extremism Radicalization and Fragmentation of Society by Dr. Umbreen Javed, University of the Punjab, Lahore;

2. Exploring the Level of University, Industry Collaboration and its Implication for Improving Business Education in Pakistan by Dr. Abdul Ghafoor, University of Agriculture, Faisalabad;

3. Ensuring Human Rights and Cultural Diversity: the Role of Media and Civil Society by Dr. Farish Ullah Yousafzai, University of Gujrat;

4. Role of Entrepreneurship Education on Student Attitudes by Dr. Ayub Siddiqui, National University of Computer and Emerging Sciences (Fast-NU), Islamabad;

5. Digital Citizenship and Governance: online political participation among the citizens of Khyber Pakhtunkhwa by Dr. Muhammad Ayub Jan, University of Peshawar;

6. Urban Security: A Case Study of Rawalpindi, Lahore and Bahawalpur by Dr. Irum Khalid, PU, Lahore;

7. Weather Shocks Coping Strategies and Farmers Livelihood: a Case of Rural Areas of District Multan, Punjab by Dr. Junaid Alam Memon, Pakistan Institute of Development Economics, Islamabad;

8. Women Prison Reforms in Pakistan: a Case Study of Peshawar Prison by Dr. Zahid Anwer, University of Peshawar;

9. Effective Management: Pakistani National Culture and Management Practices by Dr. Sadia Nadeem, FAST-NU, Islamabad; and

10. Language Movements in Pakistan: A Sociolinguistic Study of Hindko in KPK and Siraiki in Punjab by Dr. Abdullah Jan Abid, Allama Iqbal Open University, Islamabad.

According to HEC Chairman, Dr. Mukhtar Ahmed, HEC gives equal importance to Social Sciences in any research grant, as the development of Social Sciences is linked to the uplift of society; the annual funding for Research Support Programme, which used to be only Rs. 40 million in the start, has reached Rs. 3.5 billion. HEC has so far awarded 140 research grants and opened a new window for research in Social Sciences in the form of Thematic Research Grant to sort out a plethora of lingering issues like terrorism, use of drugs in universities, racial biases, the lack of tolerance in Pakistani society etc.

Title : CIIT workshop on principles and application on Magnetic Resonance Imaging

Source : The Dawn

Dated : November 05, 2017,P.xvi, 07

Web Link: <http://e.jang.com.pk/11-05-2017/lahore/page37.asp>

**COMSATS Institute of  
Information Technology**  
(A Public Sector HEI of the Ministry of Science & Technology)

**Workshop on Principles and Applications of  
Magnetic Resonance Imaging (MRI)**

**21<sup>st</sup>-23<sup>rd</sup> November, 2017**

MRI is a very useful Medical Imaging Technique which is used to see inside the human body for the diagnosis of many diseases rooted in soft tissues. MRI involves state of the art physics and engineering knowledge. Thus awareness of the principles of MRI helps the technologists and clinicians to perform effective MRI scanning and inspect results effectively. This course aims to provide the participants with an in-depth knowledge of the working principles of MRI. Latest techniques being used in MR Imaging on clinical scanners will also be discussed. The participants will get a chance to update their knowledge about the future developments in MRI. The workshop also includes some hands on experience to learn the fundamentals of MRI in an interactive mode.

**WHO SHOULD ATTEND?**

- Medical Students / Practitioners
- MR Physicists
- Research Scientists
- MRI System Operators / Technicians
- Undergraduate / Graduate / PhD Students

**Discount Policy:**

- 25% group discount for 3rd participant onwards from the same organization
- 20% ORIC-PD Alumni Discount

**Training Investment: Rs. 20,000/-**

**ABOUT TRAINER**

Dr. Hammad Omer is a scientist and researcher having more than 15 years of teaching and research experience in the field of Medical Imaging. Dr. Omer holds a PhD in Magnetic Resonance Imaging (MRI) from department of Bioengineering, Imperial College London, United Kingdom. He is a member of International Society of Magnetic Resonance in Medicine (ISMRM), USA and European Society of Magnetic Resonance in Medicine & Biology (ESMRMB), Vienna.
